# Price Increase 2024

Dear Star Families,

We are writing to inform you of an upcoming adjustment to our pricing structure, effective 2024. Our current pricing has remained unchanged since 2019, and during this time, we have witnessed a significant increase in operational costs across various aspects of our business.

The rising expenses in supplier costs, materials, labour and services have made it challenging to maintain our current pricing without compromising the quality of our school, programs and the exceptional student experience we strive to provide.

At Star Academy, our commitment to student development and nurturing a supportive learning environment remains our unwavering focus. To continue delivering the high-quality educational experience you have come to expect, we have carefully considered this necessary adjustment to our pricing.

The updated pricing structure will ensure that we can maintain our current standards of excellence and continue investing in resources that directly benefit our students. We understand that any price increase can be a concern, and we want to assure you that we have made every effort to minimize the impact while ensuring the sustainability of our organisation.

We sincerely appreciate your understanding and continued support as we navigate these evolving economic conditions. Your patronage is instrumental in our mission to empower students and prepare them for success.

If you have any questions or concerns regarding the upcoming price change, please do not hesitate to contact us.

Thank you for your trust and partnership.

Sincerely,

The Star Team x
